

Ethan, Gimichu, and Bo!

Ethan just noticed that he did not put the plane on autopilot on the plane sudden summary - The characters will be Gimichu (the monkey), Bo (the dog), and Ethan (me) we will be flying on an airplane. The airplane would be a Cessna 172. On the plane, there will be an Ethiopian Bandara that has the Ethiopian flag on it (Ethiopia is in Africa.) Bo (the dog) will be sitting on Ethan's lap, while Gimichu is in the back seat of the plane relaxing.

While flying Gimichu (the monkey) begins to get hungry, so he asks Ethan and Bo for some food. Ethan says “ we have Shiro. Shiro is an Ethiopian food and Ethiopia is in Africa.” Gimichu starts to get curious about Ethiopian food. Gimichu takes the Ethiopian Shiro and begins to eat.

While Gimichu eats the Shiro starts to get very spicy, and Gimichu begs Ethan and Bo for water. Ethan replied saying “ we don't have any water, but I can give some banana milk.” Gimichu was excited expecting a treat so he took the banana milk and drank half of it without even thinking. Gimichu really really did not like the taste of the banana milk so he screamed for water. Ethan and Bo were very startled and asked what was going on. In response, Gimichu said “I need water! This banana milk tastes nothing like bananas!

Ethan replied saying “ sorry Gimichu, but we don't have any water.” Gimichu was getting crazy and was now trying to break the window so that he could jump out of the plane to get some water. Lucky airplane windows cannot break very easily so Gimichu had no chance of breaking the windows. Eventually, Gimichus's hands started to hurt so he stopped trying to break the windows, so he ran to the front grabbing the radio and yelling “ Mayday, Mayday, this is an emergency I need water please help me!” Luckily the radio wasn't on and Gimichu had no idea how to turn it on.

Characters - Ethan, Gimichu, and the radio.

After a few more tries of turning on the radio, Gimichu calmed down and started to stop yelling, and went back to his seat in the back. Ethan and Bo started to calm down and

they went back to their flight. Gimichu wasn't hungry anymore and he knew that he wouldn't be for the rest of the flight. Ethan and Bo started to get hungry. So Ethan turned on autopilot and he grabbed the box of Injera and shared it with Bo. After taking a few bites and tastes they understood what Gimichu felt like.

After they take a bite Ethan and Bo are freaking out and they are begging for water or something that would cool them off. After a while, Ethan and Bo started to calm and cool down. They understood how Gimichu felt and apologized for being annoyed. Gimichu said ok and accepted the apology. All of a sudden Bo starts to Wince! Gimichu and Ethan start to worry and ask if Bo is ok, in response Bo says "I'm not ok! I really really really need to pee! Where is the bathroom" Bo says?

Ethan and Gimichu suddenly looked at each other and said oh NO! We are sorry Bo but... there isn't a toilet on this plane. But we have a pee bag and pee pads. Bo was relieved because he did not know how to use the toilet anyway so he took the pee bag and the pee pad just in case and went to a corner and peed in relief. Bo was happy and went back to Ethan and they resumed the flight.

Bo was very happy and now wanted to play fetch around the plane so Ethan got out a tennis ball and bo started to wag his tail. Bo jumped out of Ethan's lap and begged for the ball, Ethan threw the ball but he accidentally threw the ball hard and hit Gimichu the monkey. Gimichu thought it was on purpose and started to get a little angry. Ethan and Bo accidentally laughed and Gimichu started to get laughed so he started to walk up to the front of the plane... All of a sudden there was turbulence!

Bo was in a great mood but Gimichu was looking for something to do so he asked Ethan " what should I do?" Ethan replied saying I think you should read a book we have a book called Ethan Gimichu and Bo. So Gimichu went below the seat and took the book. But all he was interested in was the pictures so he took the book and just flipped through it looking for great pictures. Gimichu was impressed with what he saw, so he began to read the book.

Characters- Ethan, Gimichu, Bo, and the book.

Gimichu read the book over and over. Gimichu looked at who wrote the book and it said Ethan Gizaw and Henok Gizaw. Then Gimichu asked Ethan did he write this book. Ethan replied saying yes. Gimichu was happy to know this and started to jump on the plane multiple times. The plane started to shake and Ethan told Gimichu to stop so he did. Ethan was happy and Bo started to fall asleep and they continued their flight.

While Ethan flies the plane Ethan starts to get very concentrated and he starts to feel and listen to the plane. While that happens Bo starts to sleepwalk. while doing so he goes up to Gimichu and hits him in the face. Gimichu thought he was serious and did not know he was sleepwalking and slapped on the face. After that, he went up to Ethan and told Bo.

While Gimichu tells on Bo Gimichu notices that Ethan was not listening because Ethan was so concentrated on the flight. Gimichu started to get mad and started to stomp on the floor and then he got Ethan's attention. Ethan looked at Gimichu disturbed and asked what he needed. Gimichu was relieved and told No for what he did. Ethan looked and Bo and freaked out and ran to Bo finding out that he was sleepwalking and ran to Bo and put him on another seat.

started to go down! Ethan started to panic and sprinted up the plane and put the plane on autopilot, and started to calm down. Gimichu did not know what was going on so he asked Ethan. Ethan was hit by surprise by Gimichu not knowing what happened. Ethan explained to Gimichu what happened a Gimichu finally realized why Ethan was panicking so much.

Finally, Bo woke up! Bo did not remember where he was when he woke up and looked around the remembered. Bo asked Ethan why he was in another seat. Ethan put the plane on autopilot and told Bo what happened and how he slapped Gimichu. Unfortunately, Gimichu was eavesdropping and yelled out to Ethan "remember the apology." Ethan remembered and told Bo to apologize for accidentally slapping Gimichu on the face and they continued their flight.

Ethan put the plane on autopilot and looked at Gimichu and Gimichu did not know what was going to happen so he tried to explain himself. Ethan was about to talk so Gimichu let him talk first. Ethan said, " why did you hit me on the head!?" Gimichu was frozen and his mind turned completely BLANK. Gimichu did not know what to say and Ethan was a little bit madder. Then Gimichu's mind finally came back. Gimichu explained himself saying that he did not mean to hit Ethan and how Bo made him mad which made him throw even farther and harder.

Ethan finally understood and forgave Gimichu and told Bo to stop bringing the ball which made Gimichu happy. Bo started to get bored so he started to whistle. Bo was starting to make Gimichu and Ethan annoyed and Bo did not even know it. Gimichu and Ethan were trying to hold it in but could not do anymore so Ethan just randomly yelled at Bo which scared Bo. Bo got scared and did not know what was happening. Ethan was really mad and told Bo to stop whistling or Bo was going to have a time out. Bo said sorry not knowing why Ethan was super mad. So Bo stopped to whistle but that did not stop him from being bored. Bo thought and thought to look out the window of the plane.

Bo started to get excited about the ball so He threw the ball around and accidentally threw it under the chair. Bo got mad so then he tried to get the ball under the chair but his face will not fit. Bo looked around in the plane now for stuff that is long so that he could get the ball from under the chair don't even ask Gimichu and Ethan if there was anything that you can use to get his ball out from the chair.

and finally, he found something in the back of the plane that was long. he wondered what it was but couldn't think of what it was, so he asked Gimichu But even Gimichu even thought of it. So he went to Ethan and asked what it was Ethan saw it and thought looking at the long stick blankly wondering where they could be then can look at it even more closely and found out that it was a mop. Ethan told Bo that it was a mop give me

to not understand why they would be a mop on the plane but he didn't care so he took you under the seat and got his ball back.

But Bo started to get to work but then he forgot which chair the ball was under. So now though was on the floor crawling looking for a sparkling ball Bo's Vision wasn't so good because he's a dog so he couldn't really see it but then finally you found it! finally, Bo yelled out. Bo started wondering what he should name the ball because what kind of dog has the ball without naming it he thought.

Bo thought and thought of what he should name his new ball. Then it finally came to him since he lost his ball and he worked hard to find it. He thought he should name it Mystery. Bo liked that name because he thought it was a catchy name. Bo played with mystery for a while until he lost interest. Bo thought since he found that ball by looking under the chair he might find something else under the chair. So for the next five minutes if he could find another toy. But Bo was out of luck.

Characters- Bo, Mysterious the ball, and the chairs.

Then a tiny tiny thought came into his mind. Bo started to wonder where they were flying too. Bo tried to remember where he was flying but he couldn't remember. Bo thought and thought but had nothing, so he went to Ethan. When he asked Ethan, he had a very worried look on his face because in Ethan's mind he did not know where they were going either. Ethan tried to keep Bo calm by saying that he knew where he was going and that he will tell Bo later, but in his mind, he was starting to panic!

Ethan started to panic and he couldn't do anything about it so he tried to communicate with the traffic control. Finally, the traffic control answered and Ethan was screaming "where are we please tell me now!! The air traffic control to Ethan to stop panicking and to relax, but Ethan did not know where he was going so he couldn't " relax."

The air traffic controller looked at his radar and saw Ethan on the map. He found out that the closest airport was the Phoenix Sky Harbor International Airport (PHX). Ethan thought then he checked the gas on the airplane and he has a lot of fuel so he stopped panicking. Ethan asked the air traffic control whose name was Jim (Jim if he had enough fuel to go to Barcelona. The air traffic control told him that he did have enough and that he can go to Barcelona if he wanted to.

Ethan was really happy to hear the good news and was excited that they were going to Barcelona. Ethan put the airplane on autopilot and went to the back of the plane and told Bo first and Bo got excited and started to wag his tail hard. Unfortunately, there was that broom from earlier. Bo's tail hit the broom and fell on Bo let out a yelp and moved out of the way, but Bo didn't care because he was super excited about going to Barcelona. Ethan went to tell Gimichu the monkey but when he got closer he found out that he was sleeping.

Ethan wanted to wake Gimichu up. He wanted Gimichu to rest. When Ethan went back to being the pilot Gimichu suddenly started to snore loudly. After a while, the snoring started to get annoying. Ethan tried to ignore it but it was too loud. Ethan thought for a minute about what he should do to make it stop but there was not much he could do. Ethan only had one choice. And that one choice was to wake Gimichu up.

Ethan felt bad for Gimichu so he left him alone for another 5 minutes. After five.. minutes Ethan was going crazy! Ethan put the plane back on autopilot and went to wake up Gimichu. Ethan started to tap Gimichu on the back but Gimichu wouldn't move so Ethan tapped him again but nothing happened so he started to whisper his name but still nothing so he said it even louder but Gimichu just stopped snoring which was fine too Ethan so he went back to being pilot again.

Ethan sighed in relief, ahh much better. Ethan called Bo, Ethan wanted to continue to teach Bo how to fly a plane because they got interrupted. Bo ran to Ethan and jumped in his lap because he was so excited. Ethan wanted to start with teaching Bo to use the yoke. First, he put Bo in the co-pilot seat and Bo got very excited and started to howl in excitement. All of a sudden Gimichu woke up and started to get grumpy. Gimichu said, "why did you wake me up!" Bo got very scared because gimichu looked scary because he just woke up and...

To be continued.
